# TRANCO LTL OPTIMIZATION TOOL FOR SHIPPERS

---

## Executive Summary

In a logistics landscape defined by speed, visibility, and cost control, shippers are demanding greater autonomy and transparency from their partners. Tranco's Self-Service LTL Portal meets this demand by providing a seamless digital platform that puts control directly in the hands of customers. Through real-time quoting, booking, tracking, and document management, Tranco transforms the traditional LTL experience into a modern, data-driven process that saves time, reduces costs, and simplifies operations.

# THE CHALLENGE: COMPLEXITY IN THE LTL MARKET

---

**Less-than-truckload (LTL) shipping is one of the most complex areas of logistics. Shippers often face:**

- Time-consuming rate comparisons between carriers
- Manual paperwork and quote requests
- Limited shipment visibility after dispatch
- Billing inconsistencies and delayed updates

These pain points create inefficiencies that slow down supply chains and increase operational costs, especially for small and midsize shippers without dedicated logistics technology.

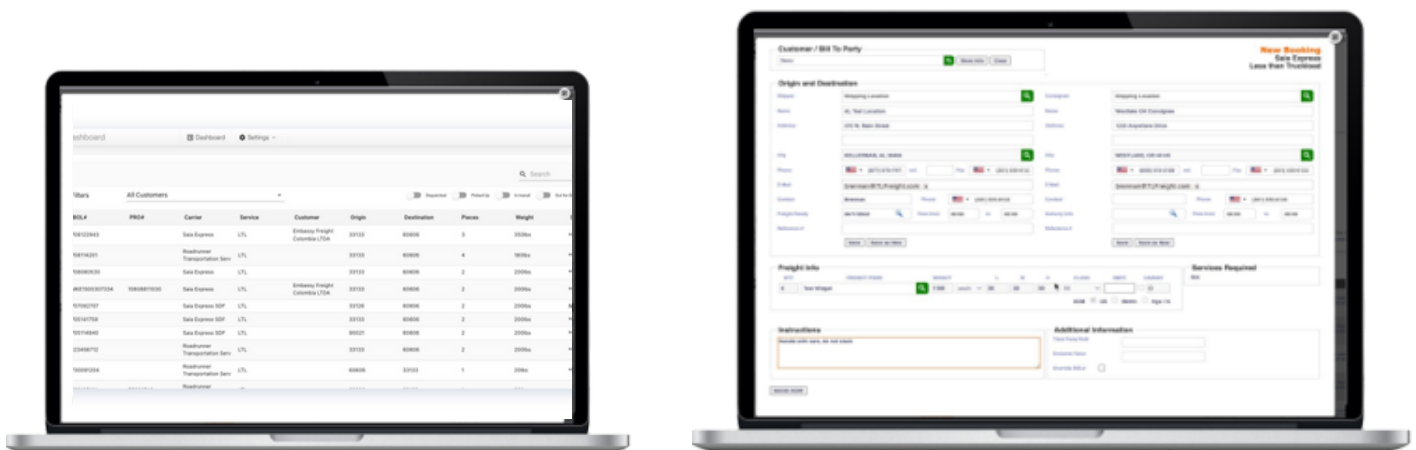

# TRANCO'S SOLUTION: SELF SERVICE MEETS SUPPLY CHAIN EXPERTISE

**Tranco's Self-Service LTL Portal is built on decades of logistics experience, combined with modern digital automation. It provides a single online interface where shippers can manage every aspect of their LTL freight.**

## Key Features

- **Instant Rate Comparison:** Access real-time LTL carrier rates, transit times, and options all in one place.
- **Online Booking & Dispatch:** Schedule shipments directly from your dashboard with automated confirmations.
- **End-to-End Tracking:** Monitor your freight from pickup to delivery through integrated carrier data feeds.
- **Document Management:** Instantly download BOLs, PODs, and invoices.
- **Analytics Dashboard:** Gain visibility into shipping trends, costs, and performance metrics.

This tool streamlines LTL shipping while maintaining Tranco's high standards for service, support, and accuracy. As a Shipper you will gain the discounts of all of Tranco's Economies of Scale pricing.

# HOW IT WORKS

---

## How It Works

1. Log In to the Tranco LTL Portal
2. Get a Quote: Enter origin, destination, weight, and class for instant pricing
3. Book and Schedule your shipment online
4. Track in Real-Time as your freight moves
5. Access Documentation anytime, anywhere

***No waiting. No emails. No manual follow-ups. Just immediate access to the information that matters most.***

## Benefits for Shippers

### 1. Time Savings

Automate what used to take hours. Tranco's portal eliminates repetitive phone calls and manual quote requests.

### 2. Cost Control

Compare carrier rates instantly to find the best value without compromising on service, or carrier. Tranco's negotiated pricing is built in.

### 3. Transparency

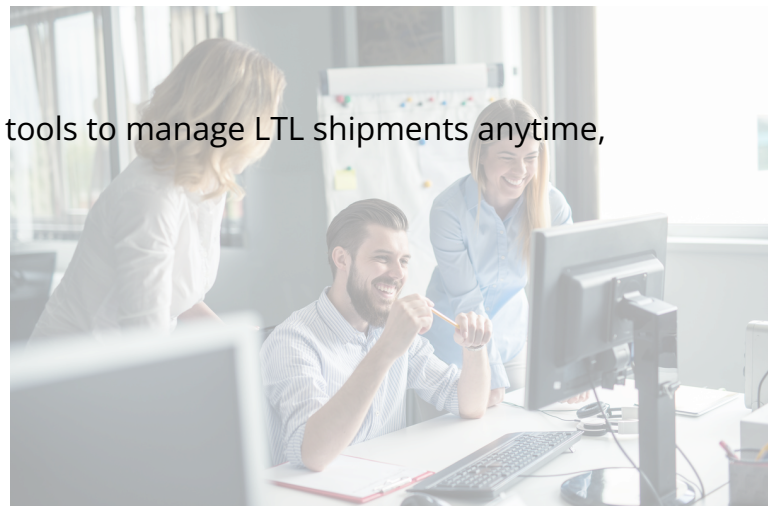

Gain full visibility into pricing, transit times, and delivery status.

### 4. Accuracy

Reduce errors caused by manual data entry and lost paperwork.

### 5. Empowerment

Operate on your schedule. The portal gives you the tools to manage LTL shipments anytime, from anywhere.

# INTERGRATING TECHNOLOGY WITH TRANCO'S LEGACY OF SERVICE

---

While the Self-Service LTL Portal provides automation and control, it's backed by Tranco's team of logistics professionals. Customers get the best of both worlds; **digital efficiency with human expertise.**

When complex challenges arise, Tranco's experienced staff step in to assist, ensuring your freight keeps moving smoothly.

## Why Choose Tranco

- 30+ years of logistics excellence
- Nationwide network and global capabilities
- Proven technology investments for modern shippers
- Commitment to responsive, customer-first service

Tranco's Self-Service LTL Portal is more than a shipping tool, it's a gateway to a smarter, more connected logistics experience.

## Conclusion

The future of freight is digital, and Tranco is leading the way. By combining innovation, transparency, and reliability, the Self-Service LTL Portal empowers businesses to move freight more efficiently and confidently than ever before.

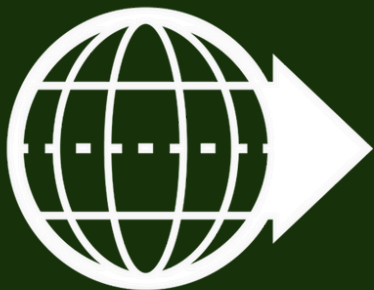

Whether you're shipping once a week or managing a national distribution network, Tranco provides the flexibility, technology, and expertise to keep your supply chain running strong.
